Feeling that he could be the next target, Hitman travels to the United States, where he prepares to carry out a murder. The demo for Hitman: Blood Money lets you learn the tricks of the hitman trade as you go through a level in an abandoned theme park and assassinate corrupt park owners. Hitman: Blood Money is a stealth shooting game where players will explore and assassinate targets from a third-person perspective. This is the fourth game in the Hitman series. The story of one of the most skilled assassins in the world continues The player will take on the role of Agent 47 as he tries to fight for his life. The agency where he worked was vandalised leaving only him and Diana Burnwood alive. After dividing the company's assets, the two decided to take revenge on the Franchise, the rival organization that destroyed the Agency. They killed several top agents, but due to a series of events, Agent 47 knew about an attempt at the President's life. He infiltrated the White House and eliminated threats by killing assassins. With Diana's help, he manages to stage his death and his ultimate revenge on the world. Poisonous syringes, silent weapons and other tools in the assassin's arsenal Each mission will have Agent 47 complete the target, but before reaching the target, he must overcome a series of obstacles such as: armed enemies, snipers, security cameras, eye witnesses Etc. Players have the option to use stealth in these missions or take a more direct approach, but know that the decision will earn more rewards. Innocent byees can be ignored or you can terminate them. As before, pouring too much blood can jeopardise your task. Sometimes stealth use is not enough so some murders will have to look like accidents. Use different objects around you to make things reliable. On other occasions, the body of the enemy left in the middle of the room can give away your location so be sure to hide them. There are many weapons available in the game and even more unusual items than players can use as weapons. This section allows users to upgrade their weapons and most devices. There are many other improvements such as the fact that you can use a body as a human shield or throw a melee weapon at the enemy and recover it afterwards. A stealth game for generations ahead With many innovations, Hitman: Blood Money manages to capture the essence of an assassin and even more adds a perspective stealth gaming thus shapes the future of the genre.
